- The Expand-a-Family program is designed to foster the development of relationships between people with and those without children in the home. It is an opportunity for fellowship among adults and children and to help children identify additional caring adults in their lives. There will be a mailbox in Office 2 for Expand-a-Family. This mailbox will be used by all families in the program - please clearly label any correspondence with your matched family/individual's name.
- Have fun! You will enrich your life and the lives of others through this wonderful program!
